Product Details

The Turbo XL700 was conceived during our relentless pursuit of perfection. It offers wellness benefits such as spine relaxation, a tall articulated headrest for neck comfort, along with the relief of muscle tension and fatigue. It is extremely plush, allowing you to rest for hours on end watching your favorite movies.

The Turbo is feature rich with arm storage along with our LED Lighting System. This provides low voltage blue ambient LED lighting, illuminating the cup holders and base rail. This model comes standard with our exclusive Accessory Dock, an aluminum cylinder located in front of the cup holders. The docking station fits all of our accessories such as our swivel tray table, wine glass holder, LED flex light, phone holder, iPad & tablet holder, and more.

Product Details

The Nitro XL750 blends contemporary aesthetics, sleek design elements, and wellness benefits to a new level. The seating core offers an automotive inspired bucket styled seat that hugs your body in comfort. We've added a top layer of gel infused memory foam that keeps you even more comfortable while reclining. The arms were constructed with a back sloping design that gently follows the natural curvature of your arms.

This model features an elegant wood grain front arm panel which provides a clean contemporary look. The panel is stained in a matching color tone so it will be black when purchased with black leather, and espresso when purchased with the brown leather. The Nitro comes standard with LED lighted cup holders and base rail, our exclusive Accessory Dock, along with a deep storage compartment in each arm.

Product Details

The EDGE XL800 ently flows with the curves of your body, providing full length support and relaxation at a level that gains constant accolades from our loyal customers.

The seat back is split into two ergonomic panels that bolster the lower back and gently support the upper neck and head. Each panel is designed with just the right amount of padding to allow for hours of enjoyable movie watching. In addition, the arm rests have padded tops which support the arms when fully reclined on a two inch thick layer of premium high density foam. The footrest extends out across the full length of the leg – without gaps – so that every inch is supported when reclined.

ACCESSORIES

SWIVEL TRAY TABLE

Offered in a matte black finish with a solid aluminum post. It swivels 360 degrees and measures 13.25 inches long by 9.5 inches wide. The table is easily removable and washable.

REMOVABLE ARMREST

The ultimate accessory for those who purchase theater seats with either a middle loveseat or sofa layout. Its slim profile supports your arms with its plush padding, yet it doesn't take up much room so you still have ample space to sit in complete comfort. It simply slides in between two seat cushions, fitting snugly into position.

IPAD & TABLE HOLDER

Constructed of solid aluminum with a sleek and chic design. It rotates 360 degrees and can be flipped over, allowing you to share it with others. Equipped with a silicone pad design and six supporting arms with rubber pins, it can hold the iPad, Kindle DX, tablets and eBooks.

WINE GLASS HOLDER

Constructed of 100% brushed aluminum that fits snuggly into our exclusive Accessory Dock. The handle offers a gentle curved design and rotates 360 degrees. The holder fits most wine glasses securely and safely.

HEAD & NECK PILLOW

Our exclusive Pillow alleviates pressure points to help relieve head and neck pain. Simply hang it over the seat cushion and adjust it to your favorite position. Great for those seeking additional support and comfort while watching their favorite movies.

LED FLEX LIGHT

Finished in stainless steel with a durable gooseneck arm that is extremely flexible and holds its positioning. The LED light offers high brightness and low energy consumption. Requires 3 AAA batteries (not included).
